

Chinese Institute of Engineers/USA – Dallas/Fort Worth Chapter
P.O. Box 833025, Richardson TX 75083-3025

Dear Prospective Sponsor:

Sponsorship Request for CIE/USA-DFW MathComp/MathFun and Parenting Seminar Program

The Chinese Institute of Engineers/USA-DFW Chapter (CIE/USA-DFW) is pleased to present this proposal for your review. We look forward to partnering with your organization **to provide youth programs in enhancing Science, Technology, Engineering and Mathematics (STEM) in the MathComp/MathFun and Parenting Seminar program.**

CIE/USA-DFW was established in 1989, and will be celebrating the 25th Anniversary at the Annual Convention held in Renaissance Dallas Richardson Hotel on August 16, 2014. Throughout the years, the organization has been serving as an effective platform to gather and exchange emerging technological ideas and promote the well-being among engineers, scientists, and technologists. CIE/USA-DFW has been forefront in networking of the local, national and international engineering professionals and industry leaders. Hundreds of engineering professionals have been attending our Annual Emerging Technology Symposium, which has often been held in conjunction with the CIE/USA-DFW Annual Convention. The services we provided to the local engineering community are significant contributing factors in improving in our local economy. Ten local city mayors proclaimed August 10, 2013 as the local “2013 CIE Day” in their cities.

With more than 20 years of history, the **MathComp/MathFun and Parenting Seminar program** is the CIE/USA-DFW flagship youth program. Each year, the three events under one roof attracted the participation of more than 1000 students, parents, educators and volunteers. **MathComp (Math Competition)** provides the opportunity to the students of Grade 1 to 7 to demonstrate their math problem solving skills. **MathFun** is an interactive program allowing parent/children to work together in solving math quizzes, puzzles and games which stimulate the students’ interest in mathematics. **Parenting Seminar** provided by the expert is presented to provide general suggestions to the parents in guiding their children to succeed in the STEM subjects. This year, the program is scheduled on **Jun 7, 2014 from 12 to 5 pm at Collin College Spring Creek Campus.**

We are pleased to invite you to provide sponsorship to support us to continue our high quality services and activities to our community. In this proposal, you will find the description, itemized budget and the available sponsorship level for MathComp/MathFun program in 2014. The funding is to support facility leasing for these programs and events, to purchase trophies and awards for the competition, to support operational expenses during the events, to purchase plaques as token of appreciation to speakers and judges, and to support printing expenses and event advertisement.

We truly appreciate your organization in taking the interest in supporting our youths to recognize the importance of STEM skills to develop their potential to excel in these areas. Please do not hesitate to contact me at cptang@gmail.com for any questions that you may have concerning this proposal. We look forward to your favorable response.

Thank you!

Yours sincerely,

Chinpei Tang, Ph.D.
2014 President

Mission

The mission of CIE/USA-DFW is to promote communication and exchange of information among engineers and scientists in the various fields who are interested in the well-being of the Chinese/Asian engineering community in the U.S. and abroad.

Introduction

The Chinese Institute of Engineers was founded in 1917 in New York by a group of dedicated Chinese engineers, who graduated from American universities and served in various industries in the United States. The main organization later moved back to China and its American counterpart became a separate chapter. In 1977, the institute was renamed “Chinese Institute of Engineers USA (CIE/USA)”. Seven area chapters across the country have been established since then. CIE/USA takes great pride of its 97 years of history, serving and representing the community of engineers of Chinese cultural heritage. As a non-profit professional organization, CIE/USA plays an important role in the economy and society, especially with the growing needs for business savvy skilled workers in the field of engineering and science. CIE/USA works with other professional organizations to sponsor professional events, such as venture capital and management seminars, technical conferences and high-tech exhibitions to promote joint interests and partnership in technology among the US, China and Taiwan.

The DFW Chapter was established in January 1989 and registered in the state of Texas as a non-profit organization in 1992, and has been very active in the Metroplex since then. We focus on promoting the community interest in Science, Technology, Engineering and Mathematics (STEM). Over the years, the DFW chapter has established close ties with major corporations and government bodies around the world. Leaders from the sponsoring organizations graced each year’s convention by sharing their experience and insight into business and technology trends at our evening banquet. Our technical and young professional groups have provided multiple technical symposia over the years, focusing on professional knowledge sharing and career development, and attracted about 600 professionals each year. **Our flagship**

youth event Math Competition and Math Fun Fair attracted more than 1000 participants annually to enforce the math and science focus in the young generation. Other important programs include the North Texas Regional Science Bowl, Speech Contests and Young Achiever Awards.

Today, members of CIE enjoy various benefits at the CIE sponsored events throughout the year. More importantly, CIE members enjoy the pride in serving our community, improving the visibility and well-being of the Chinese/Asian professionals through cultural diversity in the work place, which in turn further benefit the entire society. The services we provided to the local engineering community are significant contributing factors in improving in our local economy.

2014 CIE/USA-DFW Planned Activities

Date	Event/Program	Location
Feb 15	North Texas Regional Science Bowl	UT Arlington
Feb 16	CIE Night	Maxim's Restaurant
Mar 15	Spring Technical Symposium	DFW Technology
Mar 22	Leadership Assessment & Mentoring Program (LAMP)	UT Dallas
Apr 12	Sponsored Program: Youth Chinese Speech Contest	UT Dallas
May – Jul	Young Achiever Award (YAA)	Renaissance Hotel Richardson
May 17	Sponsored Program: CYLC Youth Leadership Seminar	
Jun 7	MathComp/MathFun and Parenting Seminar	Collin College Spring Creek Campus
Jun 28	Youth English Speech Contest	Collin College Spring Creek Campus
Jun 29 – Jul 5	Sponsored Program: Chinese Youth Camp (CYC)	UT Arlington
July 21 - 26	Sponsored Program: Community Youth Leadership Camp (CYLC)	TAMU Commerce
Aug 16	25th Anniversary Convention & Fall Emerging Technology Symposium	Renaissance Dallas Richardson Hotel
Nov	Engineering Business Forum	TBD

2014 CIE/USA-DFW Board Members

Chairman: Dr. Yu Meng (Oncor)	Sue Kwan (Lockheed Martin)
Mark Carpenter (Oncor)	Dr. Chinpei Tang (Caterpillar)
Dr. Xinfen Chen (Texas Instruments)	Dr. J. Carter M. Tiernan (UT Arlington)
Charles Chow (Deloitte)	Alex Wang (Active-Semi)
Claire Jung (Texas Instruments)	Michael Wang (IBM)
David Kao (Diodes)	Sammy Yang (AT&T)

2014 CIE/USA-DFW Officers

President	Dr. Chinpei Tang	cptang@gmail.com
Executive VP	Dr. Xinfen Chen	xinfen@hotmail.com
VP Secretary	Edward Yu	edwardyu.cie@gmail.com

VP Young Professionals	Elliot Chou	elliott.chou@gmail.com

MathComp/MathFun & Parenting Seminar

Collin College Spring Creek Campus
Saturday, June 7, 2014, 12 – 5 pm

Description

With more than 20 years of history, MathComp/MathFun is the CIE/USA-DFW flagship youth program. Each year, the event attracted the participation of more than 1000 students, parents, educators and volunteers.

MathComp (Math Competition) provides the opportunity to the students of Grade 1 to 7 to demonstrate their math problem solving skills.

MathFun is an interactive program allowing parent/children to work together in solving math quizzes, puzzles and games which stimulate the students' interest in mathematics.

Parenting Seminar provided by the expert is presented to provide general suggestions to the parents in providing guidance to their children to succeed in the STEM subjects.

How can you get involved?

- Encourage your employee to sign up as one of the volunteers.
- A booth setup at the event providing MathFun games.

Benefit to the Sponsors:

- Promoting your brand at the interactive MathFun event.
- Banner displayed at the competition award ceremony location.
- Be one of the award presenters.
- Volunteer at the exciting event.

Sponsorship Agreement Form

Company/Organization Name: _____

agrees to sponsor the Chinese Institute of Engineers/USA, Dallas/Fort Worth Chapter MathComp/MathFun and Parenting Seminar on Saturday, June 7, 2014 at the Collin College Spring Creek Campus in Plano, Texas. We are pleased to support CIE/USA-DFW under the option selected and specified below:

Sponsorship Level	Unit Price	Selection (Please check)
Platinum Sponsorship <ul style="list-style-type: none">• Setting up a booth at the interactive MathFun event• Logo on the event flyer and website• Banner displayed prominently at the Award Presentation Ceremony• Be one of the award presenters	\$1,500	
Gold Sponsorship <ul style="list-style-type: none">• Setting up a booth at the interactive MathFun event• Logo on the event flyer and website• Banner displayed prominently at the Award Presentation Ceremony• Be one of the award presenters	\$1,000	
Silver Sponsorship <ul style="list-style-type: none">• Logo on the event flyer and website• Banner displayed at the Award Presentation Ceremony	\$500	

Signature: _____

Date: _____

Name (please print): _____

Title: _____
